

All-Ireland Pollinator Plan regional event 2019

Cork City

11th April 2019: Implementation of the All-Ireland Pollinator Plan by Councils

Follow-up actions agreed

The All-Ireland Pollinator Plan team agree to:

1. Continue to engage with the Council sector through training and through another regional events in 2019.
2. More strongly encourage AIPP networks to be proactive in expressing their support to Councils who are adopting changes to management (longer grass, reduced herbicide use etc.)
3. Better promote advice and case studies from the Pesticide Action Network UK through the AIPP website
4. Profile positive actions being taken through short technical blogs and case studies. Make these available online to better facilitate knowledge sharing.
5. Pending owner's permission, put all presentations from the event online.
www.pollinators.ie/resources
6. Add all agreed participants to an AIPP mailing list so that they can be kept up to date on developments.

Participants who attended the event can help by:

1. Personally taking at least one action to help pollinators in 2019
2. Telling someone new about the All-Ireland Pollinator Plan and how they can get involved
3. For those working within Councils, by encouraging their Local Authority to sign up as a partner of the AIPP.
4. Where relevant, by using the publicly available online mapping system (Actions for Pollinators <https://pollinators.biodiversityireland.ie/>) to show what action they have taken and to help track the build-up of resources within the landscape.
5. Helping promote the videos and the animation
6. Providing constructive advice to the AIPP team on any aspect of coordinating the implementation of the All-Ireland Pollinator Plan.
